Submitting an Early Alert Report

How to submit an **Early Alert Report**

The [Early Alert Report](#) is for academic concerns or concerns related to the student's ability to navigate college systems. An Early Alert is a tool in which you can extend services to students who may need them. This could include Academic Success Coaching to address issues of time management, study skills, academic preparation, work/school/life balance, etc. When submitting an **Early Alert Report**, a staff member will provide outreach to the student to begin a collaborative approach to addressing the obstacles to their success.

Please note this Early Alert Form is to be used for **Academic Concerns or College System Navigation Concerns**. For all other concerns, please complete a report through the [Advocate Module](#).

Please note that this form is not to be used for concerns that require immediate medical or emergency response. If you need to report an urgent issue that requires immediate attention, please alert your campus security office or call 911.

There are two ways to create an **Early Alert report** for a student.

- Use the Early Alert reporting form available to all FSCJ faculty and staff through myFSCJ
