Greetings faculty & staff,

We sincerely hope you are having an enjoyable fall term! We continue our *Summaries* series with the December edition of *Fall Summaries*. Here are some updates and news you can use.

Critical Update

Follett Discover™ Implementation for Faculty and Students

As we move forward with the implementation of Follett Discover™ for the summer 2019 open textbook adoptions starting February 4, we have scheduled training for faculty and interested administrators. There will be seven face-to-face training sessions; two of these will also be available online hosted by WebEx. If you plan to bring/use your personal computer, ensure it is fully charged as access to power may be in limited supply. The online sessions will be recorded and uploaded to the [Faculty Planning Docs](#) page on the Academic Operations blog. Below is the schedule of training and locations:

Follett Discover

As a reminder, here are some highlights of the Faculty Discover™ tool:

- **Discovery:** a tool enabling instructors to explore a vast source of course materials including textbook offerings and more.
- **Community:** the Follett Discover™ community enables the sharing of critical feedback on course materials with a repository of reviews and recommendations
- **Adoption and Streamlined Workflow:** the book adoption process has been streamlined eliminating the paperwork and guesswork with submitting traditional adoptions. The Faculty Discover™ tool will be available to instructors within the Blackboard (soon to be Canvas) LMS assisting in timely submission of book adoptions to the bookstore. This is critical to ensure compliance with State of Florida Department of Education reporting.
- **Streamlined student access to course materials through InstantAccess™:** Follett Discover will be fully integrated into the FSCJ Campus Solutions database allowing up-to-the-moment information for the selection and purchase of course materials through the Blackboard (Canvas) LMS as well as the myFSCJ portal.
