What is FSCJ ACCESS

- A program that is designed to obtain the lowest possible price for adopted materials (digital content) for the students and make those materials available to students when the Canvas shell opens.
 - How is this possible?
 - Price of materials are built into price for the class.
 - This results in very high sell through rates.
 - This allows us to secure the guaranteed lowest possible price.
 - Students have the opportunity to opt-out (and back in) at any time all the way up to the close of the drop without penalty (add/drop) window.

Expansion of the FSCJ ACCESS Program

- In the Spring of 2021 we launched the FSCJ ACCESS pilot project.
 - In the pilot program we had:
 - A total of 17 classes.
 - Total duplicated enrollments was 260.
 - Total savings to participants was \$14,045.49.
- This past Fall Term 2024:
 - Total of 1,539 classes.
 - Total duplicated enrollments was 29,372.
 - Total Savings to participants was \$896,139.

Participating in FSCJ ACCESS

- Two ways to enter FSCJ ACCESS:
- First - For the Summer term 2025 we rolled over all classes from the Spring term 2025.
 - If you taught that class in the Spring term and you used Access.
 - And, you were scheduled to teach that class in the Summer term after the scheduling period, we rolled that adoption for you.
 - We rolled all of that particular class into FSCJ ACCESS (Example ENC1101).
 - We rolled the lowest cost FSCJ ACCESS adoption from the prior term (Example MAT1033).

Participating in FSCJ ACCESS

Now to the important FSCJ ACCESS updates:

- Starting in the Summer Term 2022, FSCJ ACCESS is open to participation for any faculty who are using digital course materials in their class (this includes various forms of digital books and digital courseware).
- You can now indicate your desire to participate in the program at the point of course materials adoption. When completing the adoption for your class(es) in Follett Discover, you should select "Add to a Follett Access Program" if you desire to be in the program. (See screenshot below).

The screenshot shows a book page for "Law Enforcement Medical Responder" by Stair, published by Jones & Bartlett Learning. The page includes a book cover, ISBN information, a description, and a price table. A red arrow points to the "Add to a Follett Access Program" link, which is highlighted in yellow. Below the link is a "BRYTEWAVE" logo. The price table shows options for New (\$137.95), Used (\$103.46), and Digital (BryteWave \$89.67). There is also a "Save your students some money!" message and a "Select material usage:" dropdown menu set to "Required". At the bottom, there is an "Adopt" button and an "Add to My Library" link.

Participating in FSCJ ACCESS

- Each Term, as soon as Academic Operations receives the finalized list from Follett, we send an email out to all Faculty to verify FSCJ ACCESS participation status for that term.
 - If you believe your status is incorrect please immediately respond to that email.
- This occurs around 50 days prior to the start of the term.
- **We target entry into program 45 days prior to the start of each session.**
- **We lock entry into program 40 days prior to the start of each session.**
- **A class that is in ACCESS and shifts to a later session can stay in ACCESS.**
- **You can exit the program at any time.**
- We schedule these informational sessions the week prior to the start of each term.

Participating in FSCJ ACCESS

- In BibliU
 - Starting in the Fall Term 2025, if you select eBook or courseware in the BibliU adoption platform, you are enrolled in ACCESS.
- ACCESS participation will get much easier beginning in the Fall term.

Things You Need to Know About FSCJ ACCESS

- Students who opt-out do not lose access to materials until after the NA window closes.
 - This is important to make sure the students are aware
- VA students using Chapter 31 (Voc Rehab) are opted out automatically and they will need to purchase their materials using their PO (standard practice).
- Students using FLDOE Voc Rehab will need to opt-out since they must follow the book voucher process as well.
- There is a committee that oversees FSCJ ACCESS. Although we have been running ACCESS for over five years, that committee continues to meet every other week.

FSCJ Communications

- The evening a student registers for an FSCJ ACCESS class, they will receive an automatic communications from CS.
- We also have scheduled communications that we send out to all students in the program (per the approved project plan).

Greetings Student!

This email is to let you know that you are part of an exciting program at Florida State College at Jacksonville, called FSCJ ACCESS. The class or classes that you registered for in **Fall Term 2024** listed below is/are participating in FSCJ ACCESS. This means the cost of the required digital learning materials (digital courseware) will be included with the price of tuition.

Subject	Catalog Number	Class Number
XXX	XXXX	XXXX

Through FSCJ ACCESS, the discounted price of required digital learning materials for the class(es) above will be added to your tuition. The College will pull together these materials and they will be available online in Canvas. While you will notice a slight increase in tuition, you can see a cost savings of as much as 63% on course materials when compared to the national retail costs for the same digital products.

If you would like more information about this program, opt-out deadlines, as well as information on opting out of the program and purchasing course materials on your own, please click [here](#). To find other participating classes, you can use the attribute search feature within myFSCJ. View the [flier](#) or watch the [video](#) to learn more.

Please note: If you choose to opt-out, you will be required to purchase the course materials for each class separately.

Students utilizing Vocational Rehabilitation assistance via the VA or the Florida Department of Education will need to purchase materials through the bookstore. View the FAQs on fscj.edu/access for more specific information.

Sincerely,

Your FSCJ ACCESS Team

Securing A Hard Copy of the Digital Textbook

- Generally speaking: If the student has an e-book, a digital textbook only, and they desire a hard copy of the textbook, the student should opt-out and secure a hard copy.
- Generally speaking: If the student is using digital courseware they can “upgrade” to add a hard copy through their logins with McGraw, Cengage, Pearson, etc. When they are logged in, they can choose the option for a hard copy. There will be an upcharge, but the hard copy would be mailed to the student’s home.

Where Faculty Can Come Alongside

- fscj.edu/access
- Announcements in Canvas.
- Email reminders to students about FSCJ ACCESS.
- If a student needs assistance and you are unsure where to send them, please email ACCESS@fscj.edu.

The Future of ACCESS

- We expect ACCESS to continue to grow.
- When BibliU launched years ago, they were a digital only provider, they have since grown and now provide paper-based products as well, but they were launched to provide digital content.
- In short we expect for ACCESS (with BibliU) to continue to grow and thrive here at FSCJ.

In Closing

- NA Process is critical.
- Students who opt out should purchase materials as soon as possible.
- The landing page is a great source of information: (fscj.edu/access)
 - Program information
 - FAQs
 - Deadlines
 - Etc.
- Unsure where to send a student or who to reach out to:
