

## Tutorial: Migrate a Recorded Canvas Conference Video to Studio

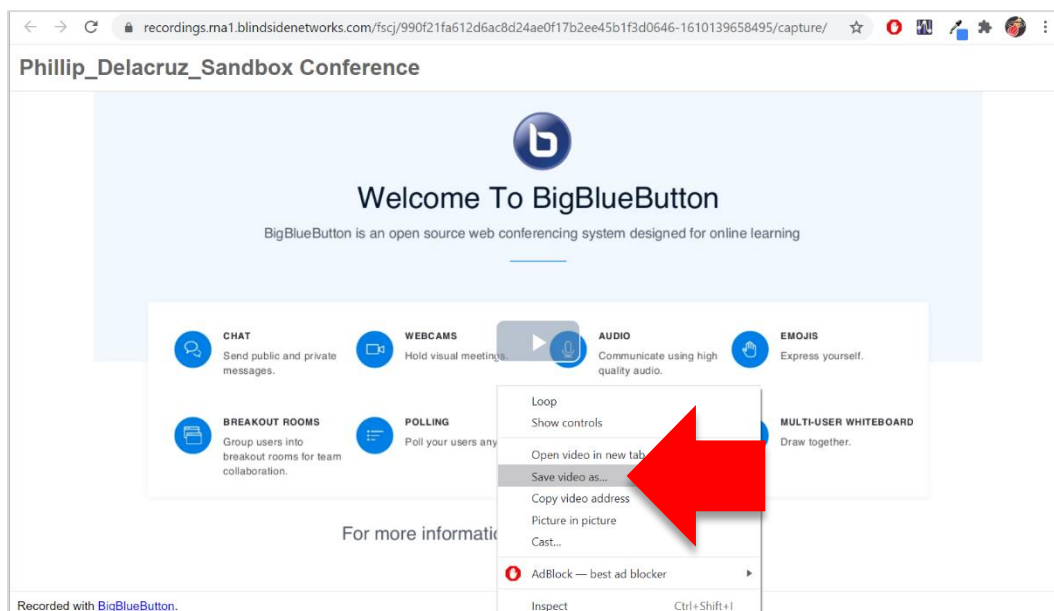

### Step 1

Go to your recorded Conference video, click the down arrow, then, click "Video."

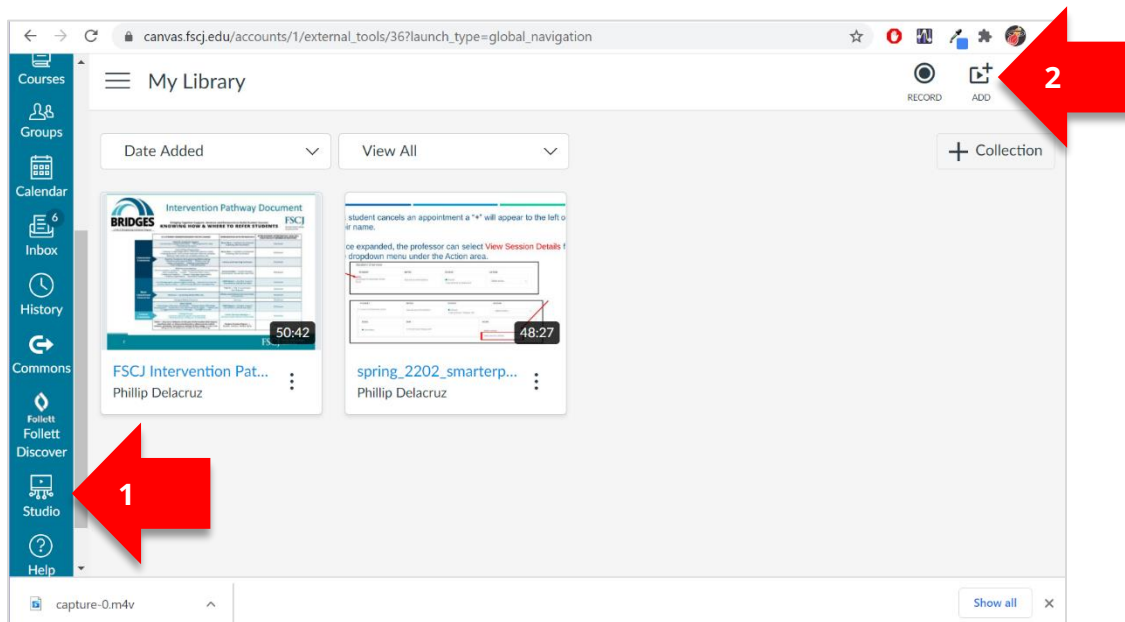

### Step 2

A new web tab with the video will open. Right-click the video, then click "Save video as" and save the video to your computer in a place that you would remember to retrieve it from later.

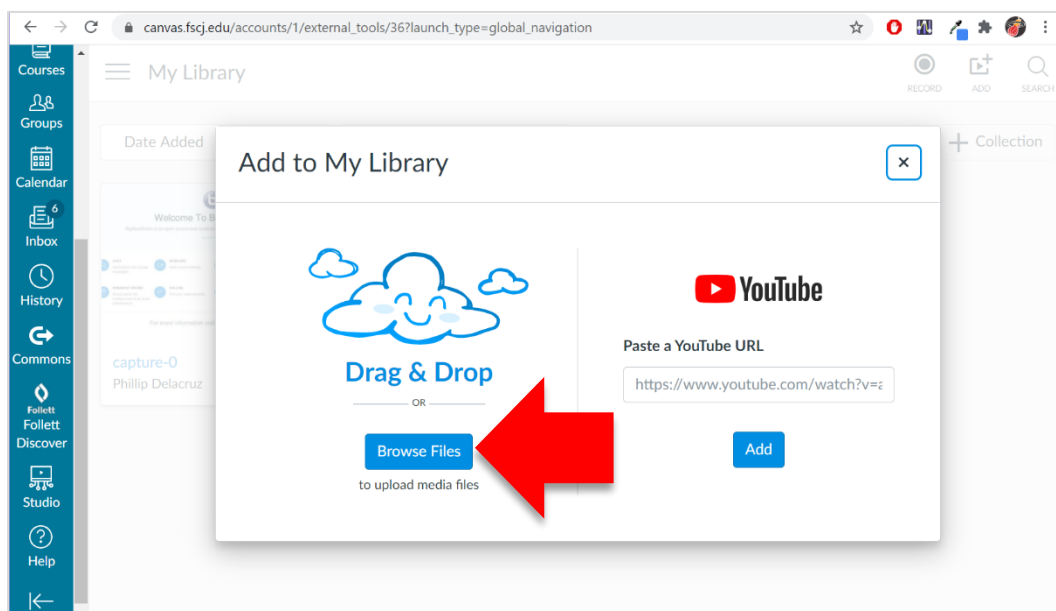

### Step 3

Go to your Studio page in Canvas [1]. Click “Add” [2] to select the video to upload to Studio.

### Step 4

Click “Browse Files” and then select the video that you saved earlier. The video will now upload to your Studio page.

### Additional questions?
